## COST EFFECTIVE FERTILISER

- ✔ Bennett Fertilisers supply, cart & spread\* standard and certified organic input chicken manure
- ✔ High in essential elements of Nitrogen, Phosphate and Potash and 80% Organic matter
- ✔ Both quick acting and sustained release of nitrogen, phosphate and potash
- ✔ Continuous release of nutrients means reduced leaching
- ✔ Assists in building organic matter and humus content to improve soil health
- ✔ Continuous use of soil friendly chicken manure will result in a build up of top soil
- ✔ Top soil stores minerals, acts as a soak for moisture, making land less drought prone
- ✔ Enhances soil fertility, health, structure and water holding capacity.
- ✔ Sulphur and other elements can be added on request.
- ✔ And best of all it's a totally natural product

\* Spreading dependent on location
